Lotus table

The Lotus Table is an elegant and light coffee / side table. The optional table tops provide a wide range of options in terms of creating the perfect match for the surrounding furniture and the entire space. Despite its light expression the weight is quite high, which makes it a perfect solution for public spaces, where furniture shouldn't be moved around.

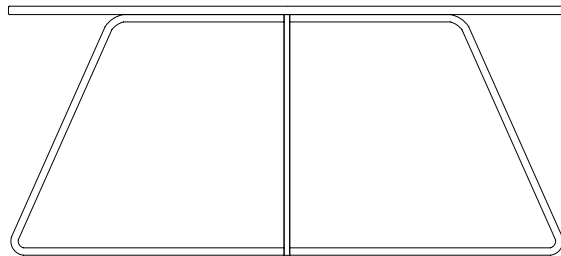

Designed by busk+hertzog

The Danish design duo was established in 2000 with a clear vision of being innovative and professional - but also with the aim of leading and inspiring a new generation of designers to further develop the Danish design legacy.
